

Father Ron and Friends

Father Ron Clingenpeel, Global Music Award Medalist, is a versatile performer having played folk, rock, blues, jazz, Cajun, zydeco and funk. He returned to his folk roots several years ago as a way to honor the life and music of Pete Seeger, Woody Guthrie and other 20th century greats. Organizing the Great American Folk Song Singalong, the Friends are talented musicians from other genres who give a variety of voices and styles to this traditional American music.

The Great American Singalong has gathered energy as many have been reunited with these great songs and others have been introduced to what some consider the heart of the American soul of the 20th century. Bringing together songs by some of the best of folk music the Great American Folk Song Singalong celebrates the life of the American experience.
